Nikita Santosh Jadhav

Student- Satara, Maharashtra, India

Nikita Santosh Jadhav, 15-year-old girl from Bhima Koregaon, Satara, had a squint in both eyes since birth. It did not seem to be a major problem initially, however, as she grew older, it her squint continued to increase, and started affecting her vision. It started affecting her ability to study. Nikita's mother wanted to treat her, but was unable to do so because of financial issues as well as issues related to her own health. In addition, Nikita's squint not only affected her studies, but also her social life. Despite their financial issues, Nikita's old parents planned her surgery, however, it had to be postponed as she caught a cold.

Shortly afterwards, H.V. Desai Eye Hospital organised a camp at Nikita's school, following which she was referred to H.V. Desai Eye Hospital for detail screening. After the screening it was recommended for her to undergo Squint Vertical. Few days later, she underwent surgery free of cost with the help of SBI life insurance. She was very happy when she came for her follow-up. And her mother was very satisfied with the result. Nikita and her mother are extremely grateful towards SBI Life and H.V. Desai Eye Hospital.

Vasant Balid

Farmer- Junnar, Maharashtra, India

Vasant is a poor farmer with the responsibility of his old mother, wife and three daughters. His vision problem hampered his routine life as well as his ability to work on his farm. Vasant complained of low vision for over a year. A local surgeon had diagnosed him with cataract, and had advised Vasant to undergo surgery for the same.

Soon after that, Vasant underwent screening at a camp conducted by H.V. Desai Eye Hospital in his district, with the support of Wonderworks & Vision. At the camp, he was diagnosed to have cataract in both eyes. The camp referred him for surgery for the same. Support from Wonderworks & Vision enabled Vasant to undergo cataract surgery free of cost at the H.V. Desai Eye Hospital. This surgery enabled Vasant to resume his day-to-day activities and continue to earn a living to support his family. He showed immense gratitude towards the hospital as well as the hospital for their kind and supportive behaviour throughout the entire process!
