About Us / **Vision, Mission & Core Values**

H. V. Desai Eye Hospital, set up in the year 2000, has now become a vital base for all prevention of blindness activities as well as essential research in eye care under one roof. The specialized eye care service matches the very best and is provided with compassion and kindness. It has gained widespread acclaim, both nationally and internationally.

Since inception of H. V. Desai Eye Hospital, we have examined 27.74 lacs patients in our OPD and operated 4.12 lacs patients. This was possible only because of timely help given by philanthropic friends and well wishers.
